2010 Marjorie Vineyard Pinot Noir

Marjorie Vineyard was planted in 1982. It is the only vineyard that Cristom kept when the property was purchased in 1992. It is a distinctive site that has wider spacing (605 vines per acre) than the subsequently planted vineyards. All the vineyards are planted on mineral-rich volcanic soils but the soils of Marjorie have the highest percentage of the Jory type. Marjorie is also more east facing than our other vineyard sites.
